SITTING ARRANGEMENTS & ACCESSORIES

As per the customer's requirements

*GRP (GLASS REINFORCED PLASTIC)

Our exclusive Air Hull ® formed by Reverse U Chines Hull design greatly adds to the boat's sea-keeping, guaranteeing your boat will out-perform any other boat with precise turning capabilities, inherent lift and the ability to navigate in more extreme sea conditions.

The design of the hull also offers a vastly improved wave deflection resulting in a much drier ride.

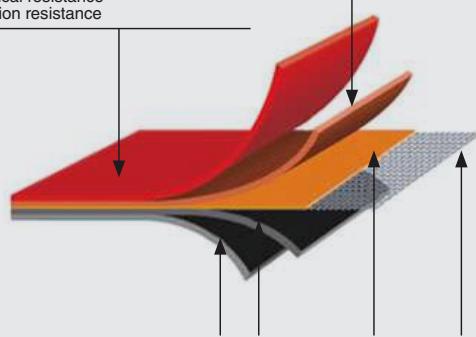

**HYPOALON COLLAR

ASIS uses the finest quality material to manufacture and produce all of its products. Only Hypalon™ is used in the manufacture of the ASIS tube.

Outside CSM layer gives:

- > weather resistance - fading and ageing
- > chemical resistance
- > abrasion resistance

Layer of Neoprene in between the CSM and the textile.

Inside Neoprene sheets give:

- > high glubility and reliable adhesion
- > air tightness (no air in the high textile)

High Tenacity Textile give:

- > basic mechanical properties (tensile and tear strengths)
- > dimensional stability

BUREAU VERITAS
Marine & Offshore

Certificate number: 19598/C0/BV
File number: FAB 2017/08
Product code: 9057H
This certificate is not valid when presented without the full attached schedule composed of 7 sections
www.veristar.com

TYPE APPROVAL CERTIFICATE

This certificate is issued to
PENNEL & FLIPO
MOUSCRON - BELGIUM
for the type of product
PROOFED FABRICS FOR RESCUE BOAT
ORCA 866 Polyester High Tenacity 1670 dtex - 1500 deniers
Coated fabrics for professional, military and rescue boat

Requirements:
ISO15372:2000

This certificate is issued to attest that Bureau Veritas Marine & Offshore did undertake the relevant approval procedures for the product identified above which was found to comply with the relevant requirements mentioned above.

This certificate will expire on: 01 Jun 2022

For Bureau Veritas Marine & Offshore,
At BV ANTWERP, on 01 Jun 2017,
Nels Appels

This certificate remains valid until the date stated above, unless cancelled or renewed, provided the conditions indicated in the subsequent pages) are complied with and the product remains satisfactory in service. This certificate will not be valid if the applicant makes any changes or modifications to the approved product, which may affect its safety. Any such changes must be submitted to Bureau Veritas for re-approval. The holder of this certificate shall be responsible for ensuring the validity of this certificate, the products(s) shown to be re-approved prior to being placed on board vessels to which the amended regulations or standards apply. This certificate is issued within the scope of the General Conditions of Bureau Veritas Marine & Offshore available on the internet site www.veristar.com. EXAMINATION REPORT STABILITY & BUOYANCY

CERTIFICATE NUMBER -06-10-0912-

**European Certification Bureau Nederland BV, Notified Body 0614, declares
that the product type as described below and specified in Annex I**

Product name	ASIS 4.4m Mono Hull
Product description	Rigid inflatable boat
Manufacturers name	ASIS
Manufacturers address	P.O. Box 61426 Dubai, Jebel Ali Industrial Area United Arabic Emirates

Is in compliance with the essential requirements of 3.2 Stability and Freeboard and 3.3 Buoyancy and Flotation of Annex 1-A of the European Recreational Craft Directive 2013/53/EU of November 20th, 2013. The product as assessed has been found to comply with the relevant parts of standards and normative documents as listed in Annex I

Certification module	A1 (Internal production control plus supervised product testing)
Design category	C as described in the Directive
Basis of assessment	See annex I
Issue date	October 3 2006
Re-issue	January 20 2017, due to directive revision
