

13M ALUMINUM | Technical Specifications

Aluminum D-Tube Boats	13m (Aluminum)
Hull and Deck	Aluminum (Foam-Shield® hull)
Length overall with engine: (m - ft./In.)	13 - 42'8"
Beam overall: (meter - feet/inches)	3.9 - 12'10"
Lightship Weight: (kgs - lbs)	6,765 - 14,914
Payload: (kgs - lbs)	2,315 - 5,104
D-Tube: (Hypalon 1670 Dtex)	Hyb Foam®
Tube Diameter: (meter - feet/inches)	0.56 - 1'10"
Recommended Power: (HP)	3x350
Max. Power allowed (HP)	3x450
Max. Speed: (km/h - mph)	109
Max. Fuel Capacity: (US Gallon)	317 (1200 L)
No of Pax	18
Propulsion	Outboard/Inboard

Infused waterproof foam

Our exclusive **Foam Shield® Aluminum hull** is manufactured using Marine grade aluminum providing strength, durability and corrosion resistance that maritime applications require. The hull is filled with infused waterproof foam to add rigidity, stability and floatability if a hull breach ever occurred. It also reduces vibration and dampens noise.

ASIS Boats uses CNC cutting machines to achieve outstanding quality and consistency of all Aluminum components.

Reverse Chines :

- Stability at rest
- Dryness of ride
- Lower planning speeds
- Enhanced directional stability

Lifting Strakes :

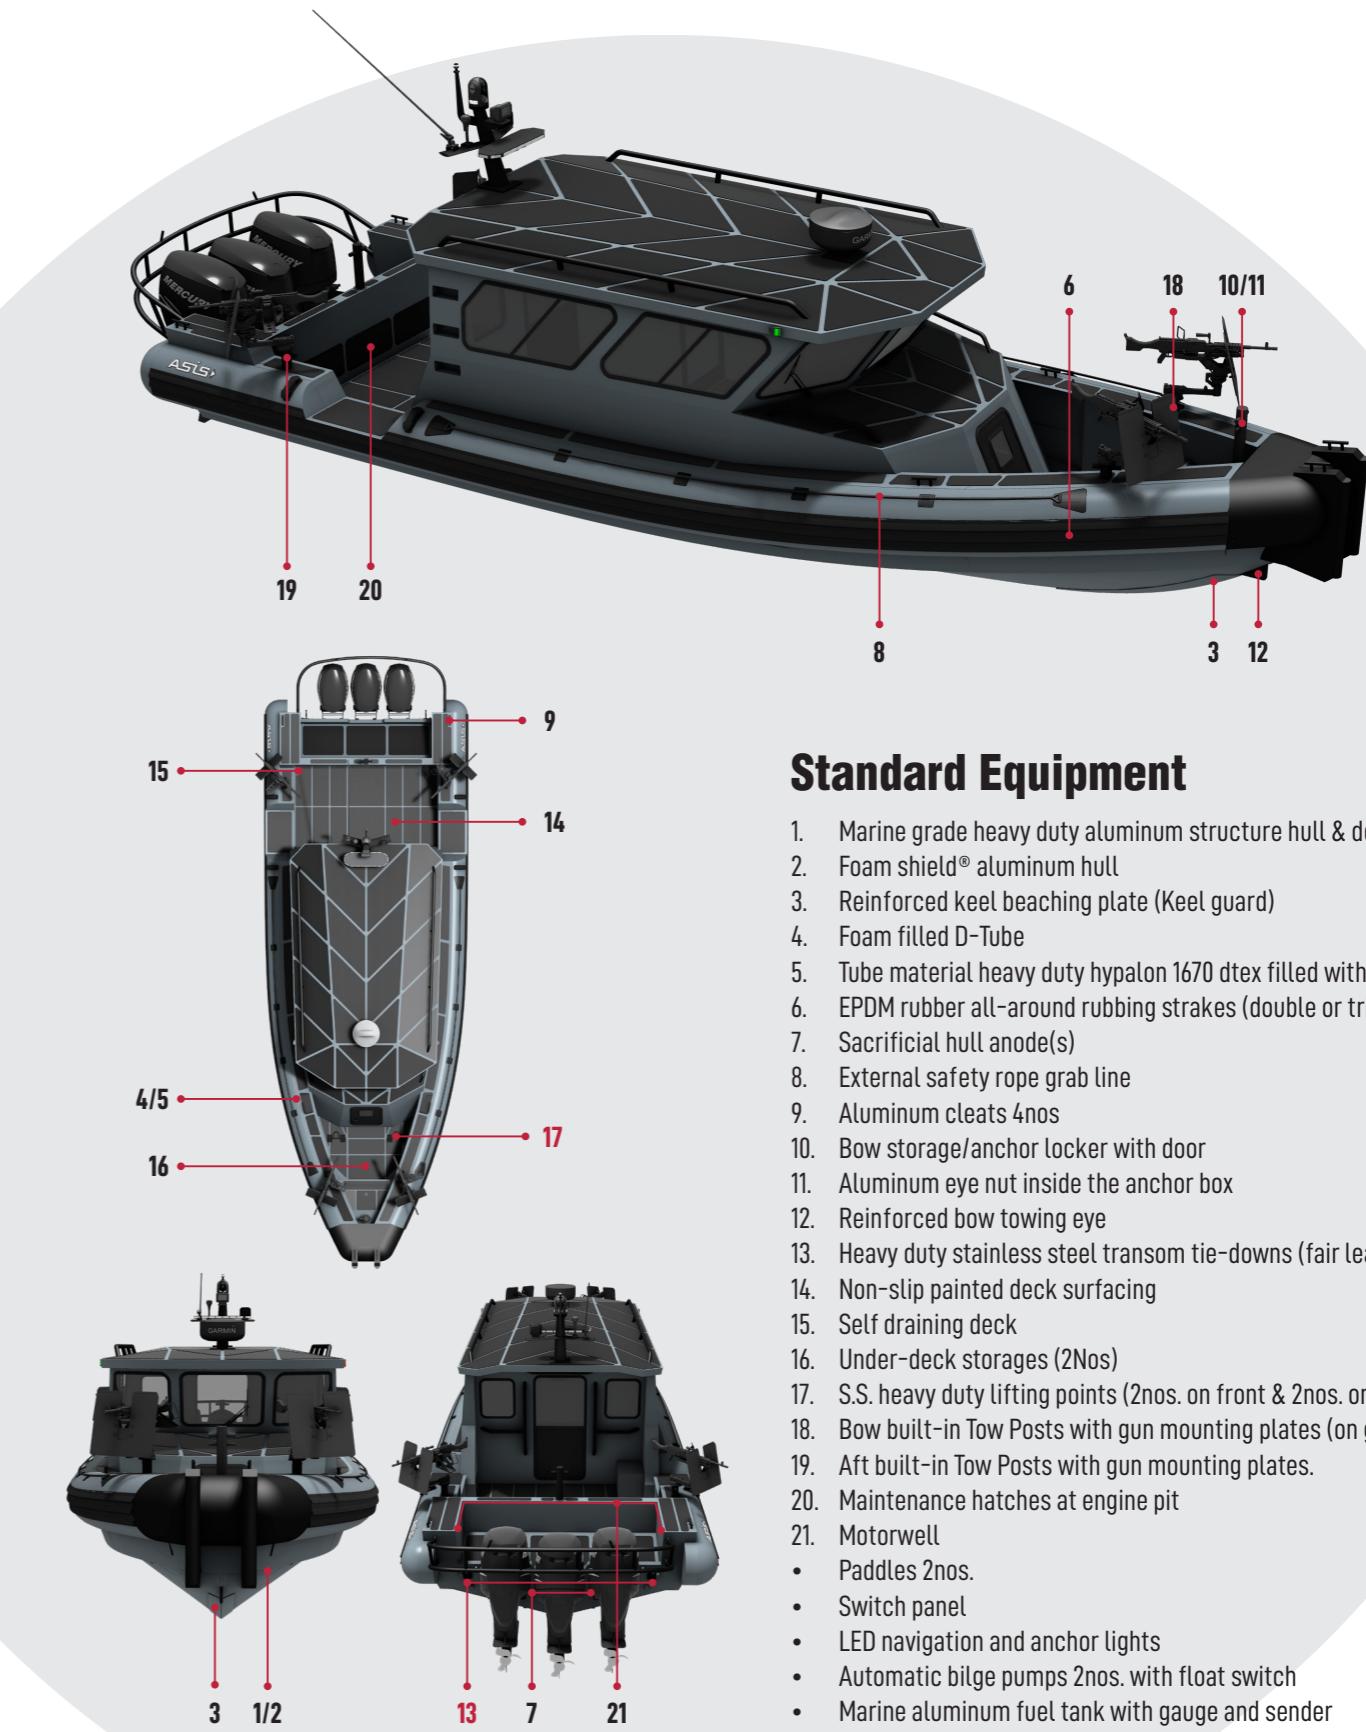

- Reduce the wetted surface area and drag to give more support to the hull

13M ALUMINUM | Standard Accessories

Standard Equipment

1. Marine grade heavy duty aluminum structure hull & deck
2. Foam shield® aluminum hull
3. Reinforced keel beaching plate (Keel guard)
4. Foam filled D-Tube
5. Tube material heavy duty hypalon 1670 dtex filled with PE foam*
6. EPDM rubber all-around rubbing strakes (double or triple)
7. Sacrificial hull anode(s)
8. External safety rope grab line
9. Aluminum cleats 4nos
10. Bow storage/anchor locker with door
11. Aluminum eye nut inside the anchor box
12. Reinforced bow towing eye
13. Heavy duty stainless steel transom tie-downs (fair lead) 2nos.
14. Non-slip painted deck surfacing
15. Self draining deck
16. Under-deck storages (2Nos)
17. S.S. heavy duty lifting points (2nos. on front & 2nos. on back)
18. Bow built-in Tow Posts with gun mounting plates (on gunwale).
19. Aft built-in Tow Posts with gun mounting plates.
20. Maintenance hatches at engine pit
21. Motorwell
 - Paddles 2nos.
 - Switch panel
 - LED navigation and anchor lights
 - Automatic bilge pumps 2nos. with float switch
 - Marine aluminum fuel tank with gauge and sender
 - Air pump
 - Repair kit
